

22nd National Conference of Emerging Researchers in Ageing

4 December 2024 | Virtual

CALL FOR ABSTRACTS

‘ERA 2024’

Emerging Researchers in Ageing (ERA) is sponsored by the ARC Centre of Excellence in Population Ageing Research (CEPAR).

The 22nd National Conference of Emerging Researchers in Ageing (‘ERA 2024’) is being chaired by Associate Professor Natasha (Tarsh) Brusco, Director of the Rehabilitation, Ageing and Independent Living (RAIL) Research Centre at Monash University.

ERA 2024 offers a unique opportunity for emerging researchers in ageing to share their research; this is the only national conference in Australia focusing on the work of higher degree research students undertaking research in ageing across a range of disciplines.

An interactive virtual event

The ERA 2024 conference will be held virtually, with interactive activities to maximise opportunities for participation, including:

- **Oral Presentations**, where emerging researchers present their research to our virtual audience
- An **Ask the ERA Brains Trust** session, for selected students and early career researchers to get answers to key research questions from relevant experts (call for expressions of interest forthcoming)
- A **Virtual breakout room**, for attendees to connect with other emerging researchers during the conference

In recognition of the ongoing impact of the pandemic on emerging researchers, conference attendance will be heavily subsidised, with all **early bird registration only \$50 (AUD)**.

Call for abstracts

The ERA 2024 Conference Organising Committee warmly invites the submission of abstracts for **oral presentations** from Honours, Master’s, PhD, Professional doctoral students, and early career researchers engaged in ageing-related research from any discipline.

All oral presentations will be conducted ‘live’ via Zoom (i.e., not pre-recorded); presenters must be available 10am - 5pm (AEST) on Wednesday 4 December 2024 to present (please check your local time, noting daylight saving).

Further details regarding abstract submission are available from era.edu.au/ERA+2024

The call for abstracts will close on **Wednesday 11 September 2024**.
